BIO

The Bewilderness is a family band from Ely, Minnesota, where the boundary waters of Northern Minnesota inspire their unique sound. By blending old-time acoustic music with modern rhythms, they create an uplifting experience that will leave you feeling energized. Their setlist features iconic artists like Willie Nelson, John Prine, and Emmylou Harris, alongside modern influences from Gregory Alan Isakov, Dawes, and the Avett Brothers. The band also showcases their own original compositions, carefully crafted to resonate with their audience. Led by Christopher David Hanson on guitar and vocals, alongside his son Cameron Erickson on drums, Taylor Shykes on bass, and Keaton Will on organ and piano, this ensemble seamlessly weaves together songs that evoke a palpable sense of community. While they may not be a traditional party band, their music has a way of bringing people together, inspiring movement and connection. So come experience The Bewilderness live and discover the transformative power of their music. Check their schedule to catch a show near you.
